

GRUPO

Datasheet

Due to a collaboration between Faunus Nature Creations and Timberlab we combined design and functionality to create an unique product. This stylish bat house is not appreciated by bats only, but also by recreationists and local residents. It is an eyecatcher and a special addition to the public space or any other environment.

- **Certification:** PEFC
- **Post support:** The GIRO is available with or without post support. See our "Post support" datasheet for all technical data.

Due to a collaboration between Faunus Nature Creations and Timberlab we combined design and functionality to create an unique product. This stylish bat house is not appreciated by bats only, but also by recreationists and local residents. Designer Tjeu Marijnissen (UTIL PRODUCTS) was inspired by a depicted bat. The GRUPO is an abstract translation of this intriguing animal. It is an eyecatcher and a special addition to the public space or any other environment.
